LEADING FROM THE FRONT

Formally registered in 2021, the foundation is the continuation of the legacy of the chairperson, Sophiya Warraich's father Maj (R) Rasheed Warraich, who started distributing food rations in 1995.

Once we accept our own ability to make a difference, recognize our own passions and convictions, we then are able to empathize with those in need in our communities.

Chairperson, Almarah Foundation

BRAND *Ambassador* MESSAGE

Hamza Ali Abbasi

I am honored to be associated with Almarah Foundation because what I have witnessed here is something truly rare. This is not just an organization providing food, education, and safety it is a place where children find the love of a mother and father. That emotional connection, that sense of belonging, is what sets Almarah apart.

When I visited, I saw children who had nothing now living with dignity, receiving quality education, proper nutrition, and above all, unconditional love. Recently, the Foundation has also opened a dedicated home for children with special needs, and that moved me deeply. It is hard to imagine what it means to be poor or orphaned in Pakistan how much pain and hopelessness it brings. But Almarah is changing that reality every single day.

There are very few NGOs in Pakistan that are working at this level, with such sincerity and compassion. I believe it is our moral obligation to support organizations like Almarah Foundation, because they are not just changing lives they are giving these children a future.

ALMARAH FOUNDATION
SINDH CHAPTER

The Sindh Chapter of the Almarah Foundation marks a significant milestone in our mission to serve the most vulnerable members of society across Pakistan. Building on decades of humanitarian service, formalized in 2021, this new chapter brings our commitment to feed the hungry, support orphans, and uplift underserved communities closer to the people of Sindh — offering hope, dignity, and opportunity where it's needed most.

Since our inception, the Almarah Foundation has been driven by compassion and a deep belief in human dignity. We provide daily food assistance, safe shelter, education, and holistic care to children who have lost parental support, as well as practical support to families in crisis. Our programs — including *Feed the Hungry, Parent the Orphan, and Educate Pakistan* — are designed to address immediate needs while fostering long-term wellbeing and self-reliance.

The Sindh Chapter will expand these efforts across the province, tailoring services to local needs and working hand-in-hand with communities, volunteers, and partners. Our vision is a Sindh where every child has access to nutritious meals, safe shelter, quality education, and the opportunity to thrive. With community support and collective action, we are committed to building a more compassionate, equitable future for all.

Spearheading the Sindh Chapter is Mr. Danish Amin.
